PROFESSIONAL SUMMARY

A highly passionate and results-driven Web Developer with over 2 years of practical experience in creating dynamic, responsive, and performant web applications. Proven ability to architect intuitive user interfaces using React.js, Next.js, and WordPress, while collaborating effectively in fast-paced, team-oriented settings to deliver scalable software solutions. I leverage strong leadership skills and a background in Computer Engineering to bridge the gap between complex technical requirements and user-centric design

CORE SKILLS

- **Languages and Frameworks:** HTML5, CSS3, JavaScript(ES6+), React.js, Next.js, Tailwind CSS, API integration, wordPress, vue.js, node.js
- **Tools and Platforms:** Firebase(NoSQL), GitHub, Git, AI-Assisted Development Tools, Supabase
- **Competencies:** Team Leadership, Event Management, Effective Communication, Critical Thinking, UI/UX Design Principles.

WORK EXPERIENCE

Software Intern | TELNET

April 2026 – Present

- Architected and built an intuitive user interface that streamlined core business processes and significantly improved efficiency for business owners and employees.
- Collaborate with the engineering team to implement scalable features, ensuring all project goals are met within tight development deadlines.

- Utilize modern frameworks like Next.js and Tailwind CSS to enhance platform responsiveness and performance.
-

Front-end Developer | TrakOps

January 2025 – Present

- Collaborated in a five-person team to build a global business solution for integrated HR, project management, and financial records tracking.
- Developed and optimized the front-end architecture to ensure a seamless and unified user experience across the entire platform.
- Integrated complex APIs and managed state using modern JavaScript (ES6+) practices to handle real-time data.
-

Volunteer Front-end Developer | NEXURA

September 2025 – February 2026

- Contributed to a collaborative team environment, successfully implementing key components of the NEXURA organizational website, focusing on responsiveness and modern design.

Volunteer Front-end Developer | Med Techies CM

April 2025 – Present

- Enhanced existing web solutions by implementing new features and optimizing the user experience for an organization dedicated to empowering women in technology.

Mentee | ALX Africa (Rigorous Boot Camp Program)

November 2024 – April 2025

- Gained practical, full-stack development skills in a demanding boot camp environment.
- Collaborated with a team of eight to develop an AI-driven touristic solution that enables tourists to track their journey and identify suitable landmarks and scenic views.

Intern | Traitz Tech

August 2024 – September 2024

- Supported the development and implementation of key projects, consistently demonstrating a strong commitment to achieving project goals on tight deadlines.
- Leveraged collaborative and communication skills in a team-oriented setting to ensure the successful delivery of assigned project tasks.

LEADERSHIP & ACTIVITIES

Mentor | Oppnergy

- Helped train young youths on personal development and how to market themselves
- Collaborated with young minds to pursue their career paths

Member | Computer Engineering Student Government

- **Executive Involvement:** Actively participated in the student executive body, coordinating and executing major departmental events.
- **Event Organization:** Played a key role in organizing and facilitating the annual Computer Hackathon, managing logistics and participant engagement.

COMPETITIVE ACHIEVEMENT

- **4th Place:** Bamenda Community Challenge 2025 – Showcased innovative community-driven tech solutions.
- **6th Place:** CAMIHN Hackathon (out of 40 teams) – Developed the "Elife Saver" application within a 48-hour sprint.
- **Finalist:** SDG Innovate Challenge & Bamenda Community Challenge.

EDUCATION

National Higher Polytechnic Institute (NAHPI), University of Bamenda, Cameroon

October 2023 – Present

- B.Eng. In Computer Engineering (Expected Graduation: 2027)

ACCOLADES & CERTIFICATIONS

- Best Intern of the Month at Traitz Tech (August 2024).
- Certificate of Completion of the ALX Africa Program (April 2025).
- Certificate of Completion of the Oppnergy Mentorship 2025 Program.
- NOWEDIF training program completion.

LANGUAGES & INTERESTS

- **Language:** English (Fluent)
- **Interests:** Research, Soccer (football), Music
